10 GOOD REASONS

to use Amerix Educational Maps in your classroom

- 1 Can be used for teaching and evaluation purposes
- 2 Have excellent display properties
- 3 Allow students to explore map design and map-reading techniques
- 4 Help students visualize a place or situation
- 5 Aid in the development of a global approach
- 6 Allow students to practise using a working methodology
- 7 Can be laid flat or attached to the wall, facilitating teamwork
- 8 Schematize a wealth of information
- 9 Facilitate an enhanced understanding of Canada and the world
- 10 Situate us on the timeline of human history

In addition, the Amerix™ series:

- can be adapted to any teaching style and to any subject matter
- are a versatile teaching resource—writing, graphs and pictures may be applied directly onto the surface
- are designed and manufactured in Canada and have proven their effectiveness over the last 40 years in schools from coast to coast

Unique educational materials for teaching social studies and meeting curriculum objectives. A collection of thematic maps designed and manufactured in Canada, developed by teachers and specialists in French and English.

- **Map dimensions: 48" × 37" (122 cm × 94 cm)**
- User-friendly, colourful and easy to read
- Mounted on sturdy vinyl strips with sliding hooks
- Laminated on both sides
- Non-glare surface finish
- Washable; can be written on with water-soluble markers
