

TOP 10 REASONS

To Use **veritech⁶**™ in Class

veritech⁶™

- 1 Lets teachers reinforce lessons for at-risk students
- 2 Lets teachers vary traditional evaluation methods (complementary evaluation tool)
- 3 Lets students self-evaluate and get involved in their assessment
- 4 Lets teachers take into account students' individual learning needs
- 5 Lets students use six types of intelligence (linguistic, logical-mathematical, spatial, bodily-kinesthetic, interpersonal, and intrapersonal)
- 6 Lets teachers integrate multiple disciplines into lessons
- 7 Lets students compile completed activities and chart their successes
- 8 Lets students question themselves and initiate a metacognitive process (a key factor in educational success)
- 9 Lets teachers add variety to classroom management
- 10 Lets students work on exercises in short periods of time

In addition, **veritech⁶**™

- Takes up little storage space
- Is a practical resource, providing stimulating complementary activities that span a variety of subjects
- Requires little planning by the teacher and is easy to use
