

The *BAMBINO* Series

Preschool Section

CORRELATION SUMMARY: according to the preschoolers learning program.

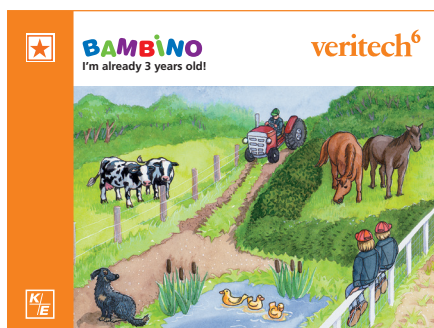

With the *BAMBINO* Series, children will learn to make associations between events, objects, sequences, colours, and shapes, as well as to harness their linguistic abilities by mastering new vocabulary words.

This simplified version of the VERITECH system is designed so that children ages 3 and up can easily use it. The collection invites children to apply knowledge based on efficient use of the six game tiles.
